

2021 COVID-19 PROTOCOLS AND BEST PRACTICES

The following document outlines the protocols, guidelines, and best practices that will be in place during the Mid States Horse Shows Summer Series – June 9-13, 2021, and June 16-20, 2021. These protocols have been developed based on the guidelines set forth by the World Health Organization (WHO), the Centers for Disease Control (CDC), the United States Equestrian Federation (USEF), and the governments of Nebraska and Douglas County. All persons involved in the shows including, but not limited to, staff, officials, volunteers, vendors, exhibitors, trainers, grooms, parents/guardians, and other support staff must adhere to the protocols set forth in this document. In accordance with GR702.1 and GR914 the competition organizer and/or a USEF Steward/Technical Delegate has the authority to remove from the facility any person who does not comply with the regulations and requirements in effect at the competition. Removal of a person from the competition grounds must, and will be, documented by the USEF Steward/Technical Delegate in their report to the USEF. **Trainers will be considered responsible for the conduct and adherence to the protocols for all individuals associated with their entries.**

Anyone interested in attending these horse shows must:

We at Mid States Horse Shows, LLC (MSHS) strongly request that if you are not feeling well in any capacity that you stay home and not attend our events. It is everyone's responsibility to take the necessary steps to ensure the safety of yourself and others.

CDC DEFINITION OF EXPOSURE:

Exposure is considered to be close contact with a COVID-19 infected individual (exhibiting symptoms or confirmed by a positive test result) within a distance of six feet for a cumulative total of 15 minutes or more and results in the need to quarantine. An individual may discontinue quarantine:

- After 10 days following close contact without testing if there are no COVID-19 symptoms present, or;
- After 7 days if there are no COVID-19 symptoms present and after receiving a negative COVID-19 test. The testing must occur on Day 5 or later after exposure.

Upon discontinuing quarantine all individuals should:

- Monitor for symptoms for 14 days after exposure.
- Immediately self-isolate if symptoms develop. It is recommended that you contact a personal healthcare provider or public health authority.
- Follow generally accepted precautions such as wearing a face covering, frequently washing hands, and practicing physical distancing.

Arrivals:

- MSHS and USEF request anyone arriving on the grounds to self-monitor their temperature once daily prior to entering the competition grounds. Anyone with a temperature below 100.4°F (38°C) may enter the grounds. This will be requested upon initial arrival. Please act responsibly and comply.
- Please contact management directly with your estimated arrival time. This will help facilitate an environment where we can limit person to person interaction and traffic during arrival.

During the Competition and While on Grounds

General:

- MSHS and USEF request anyone arriving on the grounds to self-monitor their temperature once daily prior to entering the competition grounds. Anyone with a temperature below 100.4°F (38°C) may enter the grounds. This will be requested upon initial arrival. Please act responsibly and comply.
- MSHS and USEF will require a signed USEF Waiver and Release of Liability document that includes providing emergency contact information to management.
- These competitions will be open and accessible to Trainers, Riders, Grooms, Owners, a parent/guardian for minors, and Competition Staff. Spectators are allowed provided they adhere to the guidelines set forth in this document.
- MSHS will attempt to provide reasonable amounts of cleaning and sanitizing products throughout the grounds to help mitigate the spread of disease and to promote a safe and socially responsible environment.

- Everyone on the competition grounds is expected to act in a socially responsible manner. If you are fully vaccinated, you are not required to wear a mask while on grounds. If you are not fully vaccinated MSHS requests that you act responsibly and wear a mask while on grounds.
- Physical distancing is still recommended while on the competition grounds.
 - All persons should try to maintain at least 6ft of separation from other persons. Please do not gather in groups.
 - Wash your hands often!
 - Use of hand sanitizer with at least 60% alcohol is strongly recommended.
- MSHS encourages all participants to take responsibility for providing your own personal protective equipment (PPE) and general supplies. This includes, but is not limited to water, food, cleaning products, and other supplies. Barns should develop protocols that limit the communal use of grooming supplies, lead ropes, halters, and tack/equipment. The best practice is to use your own!

Horse Show Office:

- MSHS and USEF strongly encourage all exhibitors to complete their entry forms, in their entirety, including having all required memberships in place, prior to entering the competition office.
- MSHS encourages our exhibitors to perform office duties digitally whenever possible. The number of exhibitors allowed access to the horse show office will be limited and social distancing measures will be in place. See below for daily Adds/Scratches.
- Adds/Scratches: Adds and Scratches MUST be completed by 5:00pm the night before the next day's competition and must be performed via www.horseshowtime.com. Time permitting, daily Adds/Scratches may be performed at the in-gate and may be charged a fee.

Stabling:

- Management will make a concerted effort to stable exhibitors in a way that promotes as much social distancing as possible, however, it is expected that each barn/trainer will develop policies that create an environment that promotes social distancing, sanitization/cleaning, and is socially responsible in their own stabling location. Trainers will be considered responsible for the conduct and adherence to the protocols of their clients and staff.
- MSHS encourages trainers and exhibitors to limit the number of persons allowed in the stabling area. Consider designating specific persons that have access to the stabling area (trainers, groomers, or specific exhibitors), and encourage exhibitors to meet their mounts outside the stable or at the schooling ring.

Competition Format:

- MSHS will attempt to take the necessary steps to inform exhibitors of the progress of the show, when it is possible to access the schooling areas, and to alleviate ring conflicts.
- Posted orders of go, and a priority ring may be enacted to help expedite the show and limit the number of persons accessing the competition area at one time.
- Please limit the number of persons accompanying an exhibitor to the ring to the rider, trainer, and groom or support staff member. Some flexibility may be afforded here to encourage efficient showing, but all members of the team are expected to adhere to social distancing policies.
- Please allow flexibility during the show to these policies so that adjustments can be made as needed.

Emergency Plan

In the event that there is a medical emergency the following measures will followed:

Sport related injury: All normal protocols will be taken.

- On-site Medical personnel will attend to and assess the injured person.
- If the on-site medical personnel determines that medical transport is needed, then management will call for transport from the nearest medical facility.
- If the on-site medical personnel determines that medical transport is not needed, then management will follow the recommendations of the on-site medical personnel, and all other rules set forth from the USEF.

COVID-19/Illness related incident: If someone on grounds displays signs of illness or symptoms commonly associated with COVID-19 the following procedures will be taken.

- Consult with the on-site medical personnel.
- Determine whether or not immediate isolation is needed. In such a case the person will be moved to a separate indoor room on the grounds and will be tended to accordingly until further plan is determined.
- In consultation with the on-site medical personnel, if transportation to the nearest medical facility is required, then it will be arranged.
- Ultimately, the person in question will be encouraged to check in at the nearest medical facility for evaluation and potential testing.
- In the event of a positive COVID-19 diagnosis, all individuals associated with entries in the horse show will be notified.

MSSH would like to extend a heartfelt THANK YOU to everyone who is interested in our events and has continued to support us in these difficult times. These policies are enacted and designed with the goal of continuing to do what we love doing and the enjoyment of our sport.

Sincerely,

Dan Urban and all at **Mid States Horse Show, LLC**
